OFFICE OF LEGISLATIVE COUNSEL

Friday - 3 June 1960

25X1 1. [] Talked with Jay Sourwine, Senate Internal Security Subcommittee, concerning his query [] I explained that the Director had been fully tied up this week and had not been able to review this matter and, therefore, we would have to be in touch with him early next week. This was acceptable to Sourwine and he appeared to understand the situation.

25X1 2. [] Senator Henry M. Jackson (D., Wash.) accompanied by staff aides met with the Director, General Cabell, Mr. Amory, Mr. Sheldon, Abbot Smith and John S. Warner, for approximately an hour and a half to discuss the role of intelligence in the policy making process. See Memorandum for the Record.

25X1 3. State Department telephoned several times requesting assistance in answering some questions they had received from Senator Mansfield on the U-2 incident. Eventually it was agreed that we would handle a designated portion of the questions by indicating appropriate reference to the transcript before Senate Foreign Relations Committee. (Subsequently these were reviewed by the Director and he discussed them with [] agreeing that some effort should be made by [] with [] to duck the whole issue but otherwise simply go ahead with the page reference.)
